Education

University of Paris 8

Computer Science & Video Game License

Paris, France
September 2024 - Present

- Relevant courses: Data architecture and structures, Advanced imperative and functional programming, Algorithms, Video game development

NHSFB – National College of Finance, Economics and Management

Sofia, Bulgaria
September 2019 – May 2024

- Specialization: Economics and Management
- Relevant courses: Statistics, Business Management and Economics

Projects

Video Game Development – Godot

University of Paris 8

University project

- Designed and programmed a platformer-type game in GDScript, in collaboration with another student.
- Implemented game logic, scene management, and player-environment interactions.

Creating assets for video games – Godot

University of Paris 8

University project

- Created visual and sound assets (tiles, entities, animations, music) and ensured their complete integration into the Godot engine.
- Developed a creative approach combining graphics, animation and sound.

Development of a complete game in GDScript

University of Paris 8

University project

- Programmed a Tetris-type game exclusively in GDScript, without using external assets.
- Managed the game logic, collisions, scoring, and gameplay rules.

Programming a text-based dungeon crawler in C

University of Paris 8

University project

- Developed a text-based game in C language with a combat system, locked doors, and one-way paths.
- It used advanced data structures and conditional logic.

Developing a simple website in HTML

University of Paris 8

Personal project

- Created a static website in HTML, applying the basics of structuring and organizing content.

Programming a text-based dungeon crawler in C++

University of Paris 8

Personal project

- Developing a text-based game to deepen my knowledge of C++ and to better understand code structuring and optimization.

Additional information

- **LANGUAGES** : Python, C, GDScript, HTML, C++, OCaml, Prolog
- **Software**: Godot
- **Activities**: Volunteer at the Bulgarian Red Cross
- **Certifications** : Bulgarian, English, French
